

AquaCharge

RECHARGEABLE PORTABLE WATER PUMP

Overflowing toilets, flooded laundry rooms, and aquariums with dirty water are no match for Lowara's AquaCharge™, the new portable and rechargeable water pump.

AquaCharge is lightweight 1.63 kg (3.6 lbs), and is ideal for a wide range of home applications including routine hot tub and aquarium cleaning, draining clogged sinks, toilets, wet basements and laundry rooms. It is also equally effective in removing water from small marine craft such as kayaks, dinghies, canoes and sailboats. The portable AquaCharge runs on a safe, low voltage battery, which is fully submersible and can be used to pump out fresh or salt water. It includes a submersible pump, 2.45m hose along with a battery and charging station.

Many Convenient Features:

- Pumps fresh and salt water.
- Durable and fully submersible.
- Easy ON/OFF control knob.
- Includes rechargeable NiMH battery.
- Pumps up to 750 litres of water on a single charge.
- Removable filter for easy cleaning.
- Connects to the included 2.45m hose or any standard garden hose with the included hose adaptor.
- Includes UK and standard European power adapters.

AquaCharge
