

ATAC Solutions Ltd expands and enhances operations with new office at LOC 8 Business Park

Maidstone, Kent, UK (3 July 2023): ATAC Solutions Ltd, a leading provider of innovative solutions in the Wastewater Industry, is pleased to announce its relocation to a new office at Unit A9, LOC 8 Business Park, Ashford Road, Hollingbourne, MAIDSTONE, ME17 1WR. This move marks an exciting milestone for the company as it continues to expand its operations and enhance its services for clients.

The new ATAC office at LOC8 Business Park is not only a state-of-the-art facility but also features amenities designed to support the well-being and accessibility of its employees and visitors. The office boasts a fully equipped gym, providing a dedicated space for physical fitness and promoting a healthy work-life balance. Furthermore, the office is designed to be barrier-free, ensuring accessibility for all individuals and fostering an inclusive and supportive work environment.

“We are thrilled to settle into our new home at LOC8 Business Park,” said Adam Colley, Managing Director at ATAC Solutions Ltd. “This relocation represents a significant step forward for our company and reinforces our dedication to providing high-quality solutions for our clients. The new office space will support our team in continuing to deliver excellence and drive further growth and success.”

The move to the new office is a testament to ATAC Solutions Ltd’s commitment to enhancing its capabilities and providing a superior working environment for its employees. The increased space and modern facilities will enable the company to expand its operations, accommodate its growing team, and further improve its service offerings.

ATAC Solutions Ltd is excited about the opportunities that the new office presents and is looking forward to leveraging this enhanced infrastructure to better serve its clients and partners. The relocation represents a significant investment in the future of the company, supporting its vision for continued growth and success in the industry.
