

Axius Water to Join CRH

POCASSET, MA USA (May 15, 2026): Axius Water (“Axius”), a leading provider of nutrient management solutions for municipal and industrial wastewater treatment facilities, is excited to announce they have entered into an agreement with CRH – one of the largest providers of materials for critical infrastructure projects in the world.

With aligned values and complementary missions, the venture between the two companies will strengthen Axius Water’s commitment to stopping nutrient pollution. As a leading water quality platform, their impact will be shared with more communities around the world.

"Over the past several years, we've assembled a talented team and a unique set of capabilities in water quality, and I'm incredibly proud of what we've built with KKR and XPV," said Chris McIntire, Axius Water CEO. "We're excited to enter this next chapter with CRH, whose resources and reach will allow us to bring our solutions to even more communities facing these challenges."

This agreement with CRH is expected to close in Q2. To read the press releases about this announcement, visit <https://www.axiuswater.com/2026/axius-water-is-excited-to-be-joining-crh/>.
